Form 19 – General Guidance

Note 1:

It is very important to complete the application form correctly and submit all the required supporting documentation.

Note 2:

The applicant must ensure the data included in this application is correct. The DCA/ASD will not contact you for clarification of details on application and therefore it is most important you have the correct information before applying.

Note 3:

Initial issue of a basic licence, removal of limitations from a basic licence or from a type rating or addition of type rating will be based on EASA licence.

Note 4:

Only Air legislation examination is available at the present time.

Note 5:

A duplicate licence will only be issued upon satisfactory information being provided that the holder has either lost the licence or had the licence stolen. Should the duplicate licence be issued and the lost or stolen licence found or retrieved the holder should inform DCA immediately and surrender the old licence.

Note 6:

The referee required to countersign the form must be a quality manager or a senior nominated person within the quality section of Part-145 organisation of your current employer.

Note 7:

Worksheets must provide information relating directly to your application. For example, if you are applying for a removal of limitation(s) from a type rating, only information relating to that type and limitation is required. In addition, it is only necessary to provide information on duration of experience relating to whichever licence and/or rating you are applying for. Tables 4 & 5 provide information of the minimum experience required for each application.

Note 8:

Applicants applying for initial issue, inclusion of another category

Note 9:

An application check list is provided in page 6, to be filled by all applicants and authenticated by a person approved by the employer after reviewing the application and attached documents. The check list should be sent together with the application form.

The application form is divided into 13 sections.

Table (1) Shows which section of the application form to complete.

Table (2) Shows the supporting documentations required with the application.

Table (3) Describes codes of authorizations held.

Table (4) Shows the experience required for the issuance of initial licence.

Table (5) Shows additional practical experience required to include another category or sub-category.
