BRUNEI – AD 1.5 STATUS OF CERTIFICATION OF AERODROME

1. Introduction

This Supplement details the current status of aerodrome certification for Brunei International Airport, in compliance with ICAO Annex 14 standards and local aviation safety requirements.

2. Status of Aerodrome Certification table

Aerodrome Name and Location Indicator	Status of Certification	Date of Certification	*Validity of Certification
Brunei International Airport WBSB	Certified	06 AUG 2026	OPEN ENDED

3. Operational Implications

Reminds aircraft operators that use of the aerodrome is authorized under the conditions specified by the active aerodrome certificate.

4. Cancellation / Amendment

This supplement remains valid until incorporated into the next regular AIP Amendment cycle.
